Report on Municipal Taxation and Expenditure in the Bombay Presidency including Sind for the year 1928-29.

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution no. P. 55.

Bombay Castle, 20th October 1930.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the municipalities and notified areas in the Bombay Presidency for the year 1928-29.

RESOLUTION.

PART I—SUMMARY.

Number and area.—The number of municipalities in the Bombay Presidency including Sind at the close of the year was 154 as against 156 in the preceding year, the variation being due to the abolition of the Gogho municipality in the Ahmedabad district and of the temporary municipality of Yamnur in the Dharwar district with effect from the 1st October 1928 and 1st February 1929, respectively. Twenty-eight municipalities were municipal boroughs declared as such under the Bombay Municipal Boroughs Act, XVIII of 1925. The number of notified areas in the various divisions of the Presidency proper, exclusive of those which merely exist for the control of buildings and do not levy taxes, were nine in the Bombay Suburban Division, one in the Central Division and four in the Southern Division. The establishment of three new municipalities in place of the existing notified area committees at Andheri, Vile Parle and Santa Cruz was administratively approved by Government in the year under report. Two municipalities, viz., Indapur and Saswad were superseded and Committees of Management were appointed at those places from 7th September 1928 and 12th October 1928, respectively.

2. *Change in the population and boundaries.*—The total population in municipal areas was 2,678,408 as against 2,682,553 during the previous year. The decrease of 4,145 was due to the abolition of the Gogho municipality. The municipal limits of Ahmedabad and Dohad in the Northern Division, of Poona Suburban in the Central Division and of Belgaum in the Southern Division were altered during the year.

3. *Constitution of municipalities.*—In the Northern Division the new board at Nadiad came into office with a revised constitution in accordance with the provisions of the Bombay Municipal Boroughs Act, 1925. Triennial elections were held at Dholka, Viramgam, Modasa, Sanand, Ranpur, Kapadvanj, Godhra, Dohad, Ankleshwar, Jambusar, Bhiwandi, Bassein and Kalyan. All the general elections except at Ranpur were contested, the voters displaying a keener interest than in the past. Bye-elections due to death, resignation or disqualification of councillors were held at Sanand, Mehmedabad, Kapadvanj, Jambusar, Ankleshwar and Surat.

In the Bombay Suburban Division triennial elections were held at Kurla.

In the Central Division triennial elections were held during the year for the municipalities of Sangamner, Raver, Yawal, Savda, Chopda, Parola, Chalisgaon, Amalner, Shirpur, Yeola, Sinnar, Igatpuri, Nandgaon, Bhagur, Poona City, Sholapur, Barsi, Ashta, Islampur, Karad, Panchgani, Rahimatpur, Satara City, Tasgaon, Vita and Wai. At Sangamner the Muhammadans boycotted the municipal board on account of communal tension and no candidate was returned by the Muhammadan constituency in the election for the two seats reserved for them. Also no Muhammadan was willing to be appointed under section 10 (2) of the

District Municipal Act. Changes were effected in the constitution of the Jalgaon, Nandgaon, Poona City and Poona Suburban municipalities. Bye-elections owing to death, resignation or disqualification of councillors were held at Ahmednagar, Erandol, Dharangaon, Bhusaval, Faizpur, Jalgaon, Shahada, Taloda, Talegaon-Dabhade, Baramati, Poona Suburban, Karad and Karmala.

In the Southern Division there was no change in the constitution of municipalities except in Belgaum where a separate constituency for depressed classes was created. Triennial elections were held at Belgaum, Nipani, Bail-Hongal, Athni, Bijapur, Guledgud, Ilkal, Hubli, Kumta, Alibag, Mahad, Pen, Roha, Uran and Vengurla. The elections were fairly well contested in all places except Uran. At Kumta an application made to the District Court to set aside an election was dismissed. Bye-elections were held at Saundatti-Yellamma, Bijapur, Ilkal, Bagalkot, Hubli, Dharwar, Sirsi and Mahad.

In Sind new boards at Hyderabad, Sukkur, Shikarpur and Larkana came into office under constitutions revised in accordance with the provisions of the Bombay Municipal Boroughs Act, 1925. The constitution of the other municipalities remained unchanged.

A statement* giving statistics regarding the number of voters who actually exercised their franchise at the triennial municipal elections is appended.

4. *Attendance at municipal meetings.*—The number of meetings held was 4,094 against 3,783 in the previous year. The average attendance of members throughout the Presidency improved from 50·3 in the previous year to 51·23 in the year under review.

5. *Changes in the system of taxation—House-tax.*—There was no important change. The work of revision of the house-tax assessment lists in Bijapur is still in progress. The long standing dispute over the taxation of railway buildings in Ranebennur ended in the Government of India permitting the levy of the proposed tax. Kumta revised its schedule of house-tax and Ghatkopar-Kirol brought into force its revised tax on houses.

Octroi.—The octroi schedules of the Belgaum and Navalgund municipalities in the Southern Division, of the Ratodero municipality in Sind and of the Talegaon-Dabhade municipality in the Central Division were slightly revised during the year.

Terminal tax.—Some minor modifications were sanctioned in the terminal tax rules and schedules of the Ahmedabad, Nadiad, Godhra, Jambusar, Bhiwandi, Kumta and Garhi-Yasin municipalities. The Bulsar municipality's proposal to levy terminal tax at the prohibitive rate of Rs. 20 per Bengal maund on vegetable ghee was not sanctioned.

Water rate.—Matheran reduced the general water rate from 6 per cent. to 1½ per cent. levied on properties having no pipe connections. The water rate and drainage tax schedules of the Ahmedabad municipality were revised.

Sanitary cess.—Nandurbar, Alandi and Garhi-Yasin have taken action to revise their schedules of special and general sanitary cess. The levy of a special and general sanitary cess by Alibag, Betawad and Kurla was sanctioned during the year.

Conveyance tax and tolls.—There is a disposition to impose toll and wheel tax in new areas and to increase the rates of levy of these taxes where they are already in existence. The general question of revising the toll system in order particularly to avoid the existing inconvenience to fast traffic, to remove local anomalies, and to bring the whole system of conveyance taxation on to a more logical and satisfactory basis without loss of revenue is engaging the attention of Government.

Miscellaneous taxes.—In Ulvi the rate of pilgrim tax was raised from one anna to one anna and three pies as a tentative measure. Ranebennur, Ilkal, Gadag-Betgeri and Bhusaval introduced a tax on hotels and tea shops. Matheran revised its dog tax and Panchgani and Shirpur have imposed a similar tax.

6. *Municipal income.*—During the year under report the aggregate gross income of the municipalities fell from Rs. 378 lakhs to 353 lakhs. Deducting receipts under "Extraordinary and Debt" the ordinary income amounted to Rs. 241 lakhs against Rs. 231 lakhs in the previous year. The increase of 10 lakhs was mainly under the head "Rates and Taxes". There was an increase of about

* *Vide* Appendix I.

12 lakhs under this head and of about Rs. 2½ lakhs each under "Revenue derived from municipal property and powers apart from taxation" and under "Miscellaneous." These increases were set off by a decrease of Rs. 7 lakhs under "Grants and Contributions."

7. *Octroi and terminal tax receipts.*—Under this head there has been an increase of Rs. 4,50,000, which is shared by Sind and all the Divisions except the Bombay Suburban Division. Of this increase as much as Rs. 2,16,000 and Rs. 1,10,000 occurred in the Central and Northern Divisions, respectively. The increase in the Southern Division was Rs. 98,000. The increase was mainly on account of terminal tax and was due to trade conditions and to the satisfactory condition of crops.

8. *Taxes on houses and lands.*—The receipts under this head showed an increase of Rs. 51,000. In the Northern, Southern and Central Divisions the figures showed increases of Rs. 42,000, 22,000 and 14,000, respectively while the decreases in Sind and in the Bombay Suburban Division amounted to Rs. 24,000 and 3,500, respectively. Better progress in the collection of arrears and the revision of assessment lists in some places were reported to be the causes for the increase.

9. *Water rates.*—The largest portion of the increase of Rs. 3,65,000 under this head was contributed by the Northern Division, the Ahmedabad and Surat municipalities accounting for increases of Rs. 1,75,000 and 60,000, respectively. The Central, Bombay Suburban and Southern Divisions and Sind also showed increases of Rs. 25,000, 45,000, 46,000 and 14,000, respectively. The all round increases were due to recovery of the past years' arrears.

10. *Recovery of dues.*—The most persistent and disturbing feature of municipal administration is the failure to collect the direct taxes imposed. The Simon Commission have observed that in Great Britain a municipality expects to collect up to 98 or 99 per cent. of the rates imposed by it and a drop in collection to 95 per cent. would be the subject of very close enquiry. In this Presidency the position is growing worse. The arrears amounted up to nearly 20 lakhs at the end of the year 1928-29, i.e., an increase of about Rs. 4 lakhs over the figure for the year 1927-28. The reasons for the growth of arrears seem to be not only the laxity of the executive in taking coercive measures under the municipal acts, but also delays in the preparation of the assessment lists. For this state of affairs the general boards must share the blame with the executive. It was observed that in many municipalities notices were issued but were not served for several weeks; warrants were signed by the executive officers but remained unexecuted apparently at the instance of some councillors.

In the Northern Division, Ahmedabad, Prantij, Sanand, Dhandhuka, Modasa, Umreth, Dakor, Anand, Borsad, Nadiad, Godhra, Broach, Thana, Kalyan, Bassein, Amalner, Rander and Bhiwandi were responsible for large amounts of municipal dues in arrears, and it is noticed with regret that in some of them the councillors themselves have not paid their dues to the municipalities in time. The attention of the municipalities was drawn to the heavy arrears and they were asked to take immediate steps to effect recovery.

In the Bombay Suburban Division Kurla has not shown improvement in the recovery of arrears which amounted to Rs. 2,33,454. This municipality was converted into a municipal borough after the close of the year, in the hope that the change would result in material improvement in this respect.

In the Central Division the outstandings at the end of the year amounted to Rs. 3,88,791. The major portion of these arrears was on account of house-tax, the percentage of which to the total arrears was 48·7 per cent. as compared with 48·4 per cent. in the previous year. The heaviest arrears were in Yawal (41·7 per cent.), Nandgaon (39·2 per cent.), Lonavla (44·1 per cent.), Sirur (62·1 per cent.), Alandi (34·4 per cent.), Junnar (33·6 per cent.) and Ashta (39·7 per cent.).

In the Southern Division the heaviest arrears were in Athni (53·4 per cent.), Gokak (31·51 per cent.), Saundatti-Yellamma (47·4 per cent.), Dharwar (34 per cent.), Nargund (33 per cent.), Bhatkal (42·8 per cent.), Uran (31·8 per cent.), Chiplun (43·5 per cent.), and Vengurla (49·8 per cent.).

In Sind the total outstandings amounted to Rs. 2,24,000, Karachi alone being responsible for arrears of Rs. 1,41,000.

In paragraph 26 of Government Resolution no. P. 55, dated the 3rd October 1927, reviewing the reports on the working of the municipalities in the Bombay Presidency including Sind for the year 1925-26, the Commissioners were requested to send a consolidated list for their Divisions to Government giving the names of the councillors of the various municipalities who were in arrears in regard to the payment of their municipal dues, the amount due from them and the dates from which they have been outstanding. Statements* showing the names of councillors who were in arrears of the municipal dues on the 31st March 1929 are appended. Though the list still continues to be long the number of councillors in arrears of municipal dues at the close of the year under report is now decreasing.

11. *Revenue derived from municipal property.*—Under this head there was an increase of Rs. 2,33,000, of which as much as Rs. 1,80,000 has accrued in Sind.

12. *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the improvement of water supply and drainage, for the entertainment of health officers and sanitary inspectors, and for medical and educational purposes, were Rs. 21,64,592 against Rs. 28,01,245 in the previous year. The net decrease was mainly due to the fact that educational grants hitherto given to municipal bodies were paid directly to the District Local Boards in consequence of the transfer of control of primary education to the latter bodies under the Primary Education Act, 1923.

13. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 2,41,12,000, Rs. 1,67,54,000 were realised from municipal rates and taxes compared with Rs. 1,55,93,000 in the preceding year, direct taxation yielding Rs. 1,01,42,000 or 60·53 per cent. and indirect taxation Rs. 66,12,000 or 39·47 per cent. The corresponding percentages in the previous year were nearly the same. The average incidence of taxation per head of population increased from Rs. 5-13-0 to Rs. 6-4-1 and that of income from Rs. 8-9-11 to Rs. 9-0-0.

14. *Working of octroi and terminal tax systems.*—In the Northern Division the Gogho municipality, having been abolished, only six municipalities, viz., Dholka, Viramgam, Ranpur, Surat, Thana and Bassein continued to levy octroi. Seventeen municipalities elected to substitute terminal tax while five municipalities, viz., Modasa, Borsad, Dakor, Kapadvanj and Rander have not availed themselves of either of these systems of taxation. Out of the gross receipts of Rs. 4,91,148 from octroi during the year, a sum of Rs. 1,25,066 was granted as refunds against Rs. 36,507 in the previous year, the Surat municipality alone being responsible for a large refund of Rs. 1,24,696, on account of a change in the system of accounting of refundable octroi.

In the Bombay Suburban Division octroi is not imposed. Terminal tax is levied by the Bandra municipality and the income derived from this tax was nearly the same as that in the previous year, viz., Rs. 86,000.

In the Central Division the octroi system was in vogue in 34 municipalities while eight municipalities, viz., Ahmednagar, Jalgaon, Raver, Dharangaon, Amalner, Chalisgaon, Dhulia and Nandgaon preferred a terminal tax. The collections from octroi amounted to Rs. 15,55,821, the net income being Rs. 14,67,055, the percentage of refunds being 5·7 as against 11·2 in the previous year, the corresponding amount for the Southern Division was Rs. 6,35,000, of which Rs. 26,000 were refunded, the percentage of refunds being 4 as compared with 3·3 in the previous year. Octroi system is in force in all municipalities with the exception of Dharwar, Hubli, Haveri, Ranebennur, Kumta, Roha Ashtami, Malvan, Chiplun and Vengurla, which levy a terminal tax.

In Sind the system of imposing a terminal tax remained in force in the Karachi Tatta, Keti Bunder, Kotri, Hyderabad, Sukkur, Shikarpur, Garhi-Yasin, Ghotki, Larkana, Kambar, Tando Adam, Mirpurkhas and Jacobabad municipalities.

15. *Expenditure.*—The total expenditure of the municipalities during the year under report was Rs. 367 lakhs as against Rs. 362 lakhs in the previous

* *Vide* Appendix II.

year. Excluding the items of "Extraordinary and Debt" the expenditure amounted to Rs. 261 lakhs against Rs. 260¼ lakhs of the previous year. The increase in the ordinary expenditure was therefore only nominal.

16. *Water-supply.*—The expenditure on water-supply decreased by about Rs. 8,74,000 mainly under "Capital Outlay," Sind, Northern and Central Divisions being responsible for a decrease of about Rs. 2 lakhs, Rs. 4¼ lakhs and Rs. 24,000, respectively. There was a slight increase in expenditure in the Southern Division. In the Northern Division the decrease was due to the curtailed expenditure incurred by the Ahmedabad and Kapadvanj municipalities on water works during the year under report. In the Central Division municipalities in the West Khandesh, East Khandesh, Poona and Sholapur Districts, did not incur any expenditure on new works in connection with their water-supply schemes. The decrease in Sind was mainly contributed by the Karachi municipality where it amounted to Rs. 1,84,000 and was due to the completion of capital works in the preceding year. There was, on the other hand, an increase of about Rs. 74,000 under "Establishment, repairs," etc. This was ascribed mainly to (1) annual increments earned by the staff and (2) enhanced expenditure on the purchase of stores and repairs.

17. *Financial working of water-supply installations.*—In the Northern Division the income of the Ahmedabad municipality from water rates increased from Rs. 12,77,685 in the previous year to Rs. 13,92,568 in the year under report of which Rs. 10,80,217 were derived from the direct sale of water and Rs. 3,12,351 from the general water rate. The expenditure including interest, sinking fund instalment and depreciation charges amounted to Rs. 4,66,862 as against Rs. 4,00,185 in the preceding year. The working of the water-supply installation at Surat showed a net profit of Rs. 1,55,903 as against Rs. 8,562 in the previous year. Rander, Thana and Bhiwandi municipalities realised net profits of Rs. 6,297, Rs. 8,132 and Rs. 2,843, respectively, from their water-supply schemes. At Kapadvanj the water-supply accounts showed a loss due to expenditure of about Rs. 34,000 towards capital outlay.

In the Bombay Suburban Division none of the municipalities own an independent water-supply system. Bandra and Kurla municipalities obtain their water-supply from the Development Department at the rate of annas 7 per 1,000 gallons.

In the Central Division the Jalgaon (Mehrun water works), Dhulia, Nasik and Trimbak water works showed a profit while the Ahmednagar and Jalgaon (Girna) water works showed a loss. The Jalgaon municipality derived no revenue from the Girna water works, as during the year under report no water was supplied to the town from this source. Some works are still in progress. The water works of the Satara City, Sholapur and Barsi municipalities were self-supporting during the year under report. However, Vita and Karad water works were run at a loss.

In the Southern Division the water works at Bijapur, Dharwar, Alibag, Matheran worked at a loss. At Hubli the water works showed a profit of Rs. 21,565. The installations at Panvel and Pen also worked at a profit.

In Sind the water-supply accounts of the Hyderabad municipality showed a total revenue of Rs. 1,65,000 and an expenditure of Rs. 1,10,000, leaving a closing balance of Rs. 55,000. In Sukkur the revenue amounted to Rs. 87,000 and the expenditure to Rs. 95,000. A sum of Rs. 24,000 was derived from the direct sale of water.

18. *Drainage.*—The expenditure under this head for the year under report rose from Rs. 21,48,000 in the previous year to Rs. 28,81,000 in the year under report, mainly under "Capital Outlay." The increase was shared by Sind and all the Divisions. In Sind, Karachi alone showed an increase of Rs. 3,99,000 due to additional expenditure incurred on the new drainage scheme which was completed during the year under report.

In the Northern Division Ahmedabad alone was responsible for an increase of Rs. 85,000 spent towards capital outlay. In the Bombay Suburban Division the increase of Rs. 16,000 was contributed by the Bandra municipality.

In the Central Division there was a net increase of Rs. 2,09,000 under this head, which was mainly due to more works carried out in connection with the Poona Drainage Improvement Scheme during the year under report. Lonavla, Baramati, Karad and Sholapur municipalities also spent large sums in constructing mains.

In the Southern Division there was an increase of Rs. 12,000 under this head which was shared by all districts except Dharwar.

19. *Conservancy.*—The expenditure under this head amounted to Rs. 33,83,000 against Rs. 33,58,000 in the previous year. The expenditure represents—

(1) the cost of construction of new latrines, gutters, etc.;

(2) cost of new staff employed and increments in pay to staff;

(3) purchase of motor lorries, dust bins and other requirements.

20. *Road expenditure and appropriation of wheel tax and road tolls for that purpose.*—The expenditure incurred under this head amounted to Rs. 23,16,000 against Rs. 23,79,000 in the previous year. The decrease was shared by all the Divisions except by Sind which showed an increase of Rs. 1,59,000. This increase was counterbalanced by decreases of Rs. 75,000, Rs. 1,10,000, Rs. 22,000 and Rs. 14,000 in the Northern, Central, Southern and Bombay Suburban Divisions, respectively.

Several municipalities still persist in disregarding the rule that the whole of the proceeds from wheel tax and road tolls after making allowance for the cost of collection and one-third of the expenditure on watering roads should be expended on road repairs and road construction.

In the Northern Division, Modasa, Dhandhuka, Rander and Bulsar municipalities have infringed the rule in this respect. All these municipalities except Modasa figured in the previous year's report. Rander as usual was the worst defaulter in this matter. It is gratifying to note that in the Central Division the majority of the municipalities spent more on their roads than their income from wheel and toll taxes, the exceptions being Sangamner, Dharangaon, Erandol, Nandurbar, Shahada, Taloda, Sindkheda, Yeola, Manmad, Islampur, Karad, Mhaswad, Panchgani, Satara City, Satara Suburban, Tasgaon, Vita, and all other municipalities in the Poona and Sholapur districts except the Poona City and Sholapur municipalities.

In the Southern Division also municipalities in general have recognised the importance of the principle and have spent more on their roads than the income derived from these sources. In Sind the Kotri, Shikarpur, Garhi-Yasin, Rohri, Larkana, Ratodero, Bubak and Umarkot municipalities failed to spend fully the income which accrued during the year under report from the levy of wheel tax and road tolls.

In Sind and in the Northern Division no progress is reported to have been made by any of the municipalities in prescribing the regular lines of streets. In the Bombay Suburban Division, Bandra prescribed some set back lines on three different roads. The Kurla and Ghatkopar-Kirol municipalities again failed to take any action in the matter.

In the Central Division with the exception of Nasik, Sinnar, Igatpuri, Sholapur, practically no progress was made.

In the Southern Division, Guledgud, Haveri, Matheran and Ratnagiri made alignments and prescribed regular lines. No progress was made in this respect in any other municipalities.

21. *Public Instruction.*—The total expenditure under this head amounted to Rs. 47,88,000 against Rs. 50,44,000 in the preceding year. In the Northern Division the decrease of Rs. 1,74,000 under this head was shared mainly by the municipalities of Ahmedabad, Godhra, Broach and Surat. In the Central Division there was an increase of Rs. 1,70,000 which was shared mainly by the municipalities in the East Khandesh, West Khandesh, Nasik, Poona and Sholapur Districts. In the Southern Division the decrease of about Rs. 43,000 was shared by Dharwar, Kolaba and Ratnagiri Districts. The figure for Sind showed a decrease of Rs. 2,37,000 which was mainly distributed amongst the Karachi, Hyderabad, Shikarpur and Kotri municipalities. The Bombay Suburban Division was responsible for

an increase of Rs. 8,000 due to increased expenditure in Bandra, Kurla and Ghatkopar-Kirol municipalities.

22. *Closing balance.*—The year's working resulted in a decrease of Rs. 13,95,000 in the total closing balances. Sind, Central and Northern Divisions were responsible for decrease of Rs. 14,27,000, Rs. 62,000 and Rs. 40,000, respectively. These decreases were counterbalanced by increase of Rs. 1,09,000 in the Southern Division and of Rs. 25,000 in the Bombay Suburban Division. The aggregate closing balance of all the municipalities in the Presidency including Sind amounted to Rs. 1,17,67,000 against Rs. 1,31,62,000 in the preceding year. In Sind the net income rose by Rs. 0·44 lakhs and the net expenditure rose by Rs. 7·11 lakhs. The actual balance excluding deposits amounted to Rs. 53·88 lakhs, of which Rs. 36·38 lakhs belonged to the Karachi municipality.

23. *Audit of Accounts.*—The Accountant General's Local Audit Department audited the accounts of all the municipalities in the Presidency including Sind during the year under review with the exception of Viramgam, Dhandhuka, Bail-Hongal, Bijapur, Byadgi, Ranebennur, Gudguddapur, Sirsi, Bhatkal, 15 municipalities in the Central Division and 5 municipalities in Sind. Some municipalities appear to resent the strictness of the audit but there is no reason to doubt that the public appreciate the safeguard which it affords to the rate-payer, and that its effects are both bracing and salutary to the administration. The auditors deserve credit for their independent criticisms and their useful suggestions. The principal defects noticed in audit were (1) delay in the disposal of audit notes, (2) inadequacy of action taken on audit notes, (3) slackness in the recovery of arrears of dues, (4) non-observance of statutory provisions and of executive orders of Government, (5) irregular expenditure on public works, (6) late credits and frauds, (7) negligence of rate-payers' interests, and (8) unsatisfactory finances. The duty of seeing that adequate action is taken on the audit notes has now been imposed on the Commissioners and district officers and improvement is anticipated. The frequent failure of the members of the municipalities to recognise their responsibilities has made it necessary for Government to undertake special legislation for surcharging members and officers of the municipalities in respect of unlawful expenditure or gross negligence. Government trust that the new Bombay Local Fund Audit Act No. XXV of 1930, will be effective in improving the administration of municipalities.

In the Northern Division serious irregularities were noticed in the case of the Ahmedabad, Saswad, Broach, Kalyan and Thana municipalities. The state of accounts of the municipalities of Dholka, Ranpur, Viramgam, Borsad, Umreth, Surat and Kalyan was reported by the auditors to be generally unsatisfactory while the accounts of Broach and Thana were stated to be in a chaotic condition.

In the Central Division, Poona Suburban, Baramati, Sirur, Barsi, Chopda and Parola municipalities seem to be very badly managed. The financial position of the Vita, Mahableshwar, Dhulia, Savda, Nandurbar, Ahmednagar City, Sangamner, Trimbak, Sangola and Pandharpur municipalities was not reported to be sound.

In the Southern Division the audit of accounts in Saundatti-Yellamma, Athni, Bagalkot, Dharwar, Hubli, Haliyal, Alibag, Chiplun, Malwan and Vengurla disclosed irregularities both in the administration of finances and in the maintenance of accounts.

In Sind, audit in Larkana, Jacobabad, Shikarpur, Hyderabad, Sukkur, Mirpurkhas, Nawapur, disclosed *inter alia* failure to comply with audit suggestions, extravagance in expenditure on public works, fall in the income from taxes, entire absence of supervision over collection work, misappropriation, short credits, etc.

24. *Grants for sanitary and town improvement schemes.*—As usual provisions for a wholesome and plentiful water-supply, efficient drainage, the opening up of congested and insanitary localities, construction of good roads, hygienic school buildings with adequate play-grounds, improved conservancy arrangements, municipal office buildings, dispensary buildings, markets, slaughter-houses, etc., are reported to be the pressing and general needs of the municipalities. Government have hitherto, so far as the state of their finances permitted, assisted these bodies

towards the attainment of the most important requirements by granting loans and grants-in-aid. The important grants made during the year were :—

Municipality.	Purpose.	Amount of grant-in-aid.
		Rs.
Kapadvanj	Drainage	29,961
Surat	Water-supply	8,254
Poona City	Drainage	1,33,472
Nandurbar	Water supply	13,417
Jalgaon	Do.	21,108
Pandharpur	Do.	38,129
Jacobabad	Do.	22,117

Part II—Remarks regarding the Principal Municipalities.

25. *Ahmedabad.*—Government note with satisfaction that the financial condition of the Ahmedabad municipality continued to show improvement during the year under report. It is also gratifying to observe that the municipality has adopted a progressive policy with regard to the question of development, opening up of new thoroughfares and improvement of existing roads, which, when accomplished, will alleviate to a great extent the congestion in the City. The genuine efforts to meet local needs out of local resources and to tackle the many problems arising on account of industrial expansion and the frankness with which the municipality have in their report recognised the shortcomings of their administration are signs that there is no need to regard the future in a spirit of pessimism.

Surat.—It is satisfactory to learn that the members of the municipality have been taking a more active interest in their duties than in the previous year, but Government consider that an extension of the powers of the municipal executive would conduce more to efficient administration than frequent general meetings. The arrears are still heavy and special measures to reduce their amount are evidently desirable. It is hoped that the municipality will consider the benefits likely to be obtained by the employment of an expert staff for the revision of assessment lists.

The municipality should consider the urgency of taking steps to improve the present condition of the roads. They should also consider the question of developing their sources of income in order to permit the financing of urgent schemes of water-supply, drainage and general improvement. In the present financial condition it is impossible for Government to hold out any hope of assisting the sanitary schemes of the local body by grants-in-aid.

The high rates of general mortality, particularly among children, is a disquieting feature of the report. Government trust that earnest efforts will be made to improve the supply of drinking water by installing chlorinating plant which would result in reducing the death-rate.

The President, Dewan Bahadur Thakorram, displayed outstanding energy and public spirit in the discharge of his duties and Government hope that under his able guidance improvements in every department of the municipal administration will be effected in the near future.

Poona.—Government are pleased to observe that the administration of the important City municipality of Poona has been on the whole satisfactory during the year under report. They consider, however, that more thorough measures should be adopted by the municipality for the recovery of arrears which continue to be heavy. They also consider that improvement in the collection of wheel tax is necessary as the expenditure on roads exceeds the income from wheel tax. As observed by the Commissioner the municipality should discourage interference of the members of the Board with the details of executive administration by the municipal staff as it is detrimental to efficiency.

Karachi.—The administration of the Karachi municipality during the year under report has been on the whole efficient and progressive, a fact which is largely due to the ability, energy and tact of its President, Mr. Jamshed Mehta, whose tribute to his colleagues has also been noted with satisfaction by Government.

The number of meetings was more than the disposal of business necessitated and certainly more than busy men could reasonably be expected to attend.

Govenment agree with the comment made by the Commissioner in Sind that the fewer the meetings the better the disposal of work.

Hyderabad.—The municipal affairs were on the whole in a satisfactory state. The octroi and terminal tax continued to be the main source of income. In the opinion of Government dependence on octroi alone is not good finance and this source ought to be supplemented by other forms of direct taxation. The municipality should give its attention to this point and in consultation with the Commissioner in Sind should re-cast the system of taxation so as to obtain a more equitable incidence of taxes.

It is a matter of great disappointment that several schemes to relieve the congestion in the City have ultimately had to be dropped on account of the expense involved.

Part III—General Remarks.

26. While the reports of the Commissioners do not afford material for much optimism, the general outlook is certainly not one of unrelieved gloom. It would probably be true to say generally that the standard of municipal administration has not improved during the year under review but the number of individual councillors who are willing to devote their time and thought without payment with the single purpose of serving their fellow citizens, though still far too small, is slowly growing and is the most encouraging fact in the situation. A deplorable feature, the gravity of which can hardly be exaggerated, is the continued slackness in recovering taxes. In many places the example of municipal councillors themselves, in this respect leaves much to be desired. Attention is drawn to the list of such councillors appearing in Appendix II whose example is largely responsible for the unsatisfactory position and is tending to bring municipal Government into disrepute. The key of the situation is with the electorate. In all parts of the Presidency the demand for a higher standard of life is becoming more insistent. Better roads, more schools, pure water-supply, a drainage system, better hospital facilities, electric light, are almost universally desired, but the electors are often short-sighted and parsimonious and not all councillors are prepared to incur the odium of raising taxes for necessary improvements in the face of the risk of losing their seats. Until the electorate can be educated to accept new burdens in order to secure improved services, to set before themselves a higher standard of civic life, to insist on a more efficient administration, and to take a more direct interest in questions relating to town improvements, progress must continue to be disappointing. The Presidents have, on the whole, performed their duties with tact and diligence in the face often of great difficulties but they cannot achieve much without the steady support and co-operation of their colleagues and of the public.

Government regret that they have once again to comment on the unfortunate effects of communal and caste dissensions. The sectional antagonism between Hindus and Muhammadans or Brahmins and non-Brahmins has militated in many places against sound local Government. It has tended to prevent the employment of the fittest persons in administrative posts, and factious quarrelling has, in many instances, occupied the attention of the members to the exclusion of other considerations. Not a few of the failures and defects of municipal administration may also be traced to the inability of the councillors to realise the importance of having a competent and well-paid Chief Officer analogous to the English Town Clerk and leaving him freedom to discharge his executive duties under the orders of the President without undue interference in detail.

Municipal bodies are integral part of the machinery of Government. They are not merely the training ground in which many of the electors and the legislators of the future must obtain practical experience in the working of representative institutions, but within their own spheres and to the extent to which powers have been devolved upon them by Government are vital units in the general system of administration. Failure on their part to maintain a reasonable standard of efficiency affects the happiness and well-being of large sections of the population and reacts on the administrative machinery generally. Financial stringency will make it impossible for Government to increase the grants now paid in the near future, and may indeed make it difficult for them to continue even the existing grants. Difficult times are therefore ahead of all local bodies and Government is anxious that advantage should be taken of the probable lull in development and expansion to overhaul the municipal machinery in such a way as to ensure that it is working as efficiently as possible and that full value is being obtained for the money expended.

By order of the Government of Bombay
(Transferred Departments),

R. B. EWBANK,
Secretary to Government.

* The closing balance at the end of 1927-28 was shown as Rs. 5,66,587 in the last year's report. The President reports that this figure was not correct owing to an oversight in the bank account. The correct figure ought to have been Rs. 5,70,819 as given here.

† The actual balance at the end of 1927-28 was shown as Rs. 4,422—Rs. 4,421 have been shown this year.

‡ The Municipality reports that the actual balance of 1927-28 was Rs. 1,497-4-11 but it was reported last year to be Rs. 1,499.

Note.—The figure 38,877 is the total of "Gross" under classes I to VIII in statement No. IV but the correct figure is 33,627 which is total net.

*Difference of Re. 1 between this figure and the closing balance of the last year is due to the fact that annas more than 8 have been taken as Re. 1.

†There is a difference of Rs. 15 between the figure shown in column 60 of Statement III of last year and the figure shown in column 4 of this statement. This is due to the fact that a sum of Rs. 15 was shown by mistake in 1926-27, as expenditure under permanant advance. This mistake did not come to notice last year. This mistake has since been rectified.

* The revenue from water is derived not only from the population of the municipal district, but also from the Cantonment area, Military, Shipping in the harbour and the N. W. Railway for conveyance of water outside municipal limits.
The population so served not being included in the census figure, the item of incidence of taxation per head of population in Karachi Municipality is therefore misleading as it is calculated on a smaller population than that which contributes to the revenue shown.

† Closing balance at the end of 1927-28 was shown to be Rs. 44,515 difference of Re. 1 in this and the opening balance is attributable to the elimination of annas and pies in the statement. Correct opening balance is Rs. 44,616 as in column 4.
Closing balance at the end of 1927-28 was sho n to be Rs. 3,327 difference of Rs. 2 in this and the opening balance is due to elimination of annas and pies in the statement of income and expenditure. Correct opening balance is Rs. 3,329 as shown in column 4.

‡ Loan taken from the Co-operative Bank, Larkana, with which the Municipality had deposited Rs. 3,000 for a fixed period and could not draw the required sum before the expiry of that period.
